## Parking & Important Details:

Parking for event attendees will be available without permit as long as individuals are parked in a Student or Staff parking spot. Meters will be monitored and ticketed if not paid. Columbus State Community College is a tobacco free campus.

## Available on-site at the 2016 Empowerment Day Resource & Job Fair:

- Meet 1-on-1 with a Support Officer to ask your case-related questions.
- Discuss special driver's license suspension lifting options available only during the event for those licenses suspended by Franklin County Child Support.
- Talk to a Franklin County CSEA Attorney to discuss special options available only during the event for lifting a capias.

Columbus State Community College, located in the U.S. city of Columbus, Ohio, was founded in 1963. It has since grown from an original enrollment of 67 students to more than 25,000 students today, making it one of the largest

colleges in the state of Ohio.

- The Arts and Sciences Division of Columbus State offers an Associate of Arts degree, or an Associate of Science degree that fulfills the first two years of study toward a bachelor's degree in the STEM fields (science, technology, engineering, math and medicine). Each year, more than 9,000 students transfer

from Columbus State to four-year universities in Ohio and around the nation, to complete their bachelor's degrees.

- The benefits of completing the first two years of undergraduate study at Columbus State are numerous, including:
  - Substantially lower tuition (about half the cost of the average Ohio public university, and less than a third of private universities)
  - Small class sizes (averaging 19 students)
  - Personal connections with professors and classmates
  - Strong community ties, creating research and internship opportunities
  - A student STEM Club, creating a close-knit community and providing specialized activities for STEM students.
- Transfer agreements with more than 40 colleges and universities provide countless opportunities for students wishing to move on to pursue a bachelor's degree. Our nine Preferred Pathway partners offer more than 200 "pre-majors" that provide guaranteed admissions and transfer of credits into the student's chosen major.
- Columbus State also offers more than 200 programs that provide Applied Associate of Arts or Associate of Technical Studies degrees. These two-year programs are designed to get students career-ready upon graduation. Many also offer pathways for students wishing to transfer to a four-year university.
- The main campus is conveniently located in downtown Columbus, with easy access via the city's major highways. In addition, Columbus State operates a Delaware Campus, located just north of Columbus in Delaware, Ohio. The college also has five suburban Regional Learning Centers in the neighborhoods of Dublin, Westerville, Grove City, Reynoldsburg, and Bolton Field in Southwest Columbus.

### *Serving Those Who Served*

The Veterans Service Commission is a county agency dedicated to helping veterans, active duty members of the Armed Forces of the United States, and their dependents. There are several distinct services our agency provides:

- Short term emergency financial assistance to eligible veterans with a discharge under honorable conditions or a recognized service-connected disability, active-duty members of the Armed Forces of the United States, Reserve and National Guard members who are called to active duty by a Presidential Order (such as Desert Storm Operation Enduring Freedom), and their dependents.
- Advice and assistance when applying for claims, benefits or entitlements from federal, state, or local agencies. Our Veterans Benefits Specialist act as the veteran's liaison to the Department of Veterans Affairs.
- Provide assistance up to \$1,000.00 to help defray the necessary funeral expenses for the burial of a veteran and the cost of mounting the government marker.
- Employment assistance in coordination with a Veterans Employment Representative from the Department of Job and Family Services.

The Veterans Service Commission is legislated by the State of Ohio and governed by the Ohio Revised Code, Title 59, and is not funded by or associated with the Department of Veterans Affairs.

For more information you can stop by their table at the event, contact the Veterans Service Commission at 525-2500 or visit us at 250 E. Broad St., Memorial Hall.

Legal troubles holding you back? **Talk to an attorney** for free about:

- Housing conditions
- Foreclosure
- Bills
- Public benefits
- Disability
- Child custody or visitation
- Child's school problems
- Taxes
- Sealing your criminal record
- More!

Columbus-  
Franklin County

- SNAP (Supplemental Nutritional Assistance Program)
- PRC (Prevention, Retention & Contingency)
- Medicaid
- Our new department that focuses on outreach for Restored Citizens (including possible job opportunities)

**Action for Children**

As parents, choosing child care can be one of the most important and most difficult tasks we undertake. Knowing in advance that it is not an overnight

process makes it a bit easier to tackle. In many ways, your child's caregiver will be your partner in your child's early education. The quality of care a child receives during these years can impact his or her success in school and life. Action for Children's job is to provide tools and resources that will help you feel confident with the decisions you make. Please stop by the Action for Children table to take advantage of this **free child care search** and resource.
